

TASK①

Listen to “05 par 1” “06 par 2” “07 par 3” which I have sent to you.

And answer the questions below.

Then go to アンケート「4月15日1限英語 TASK①」 on Classi.

If you think the statement 1 - 6 is true, choose TRUE.

If you think the statement 1 - 6 is not true, choose FALSE.

I'll send the answers at 9:10. You can listen to the paragraph as many times as you want to.

1. Scientists have studied animal emotions for centuries.
2. René Descartes was a French philosopher and thought only humans had emotions.
3. Descartes didn't think animals were living machines.
4. Darwin had almost the same ideas about animals as Descartes'.
5. Darwin thought that the mental abilities of animals were similar to those of humans.
6. Darwin believed that animal emotions were more limited than human emotions.
